

What is claimed is:

1. A prophylactic lubricant composition for use during sexual relations, comprising:

a) lubricant effective to reduce friction, thereby reducing the rupture of blood vessels during sexual relations,

b) an effective amount of spermicidal antiseptic active against HIV and other viruses, said antiseptic destroying the human immunodeficiency virus and other viruses, said antiseptic immobilizing the sperm and reacting with vaginal mucosa to form a barrier to the penetration of sperm cells into the uterus; and

c) an effective amount of a fungicide to prevent the growth of fungi in the vagina which grow in the absence of natural bacterial flora destroyed by the antiseptic;

said composition having no substantial detrimental effect

2. A composition according to claim 1, wherein the antiseptic is chlorhexidine or a salt thereof.

3. A composition according to claim 2, wherein the antiseptic chlorhexidine or a salt thereof comprises between 0.1% and 5.0%.

4. A composition according to claim 2, wherein the antiseptic chlorhexidine or a salt thereof comprises between 0.2% and 0.6%.

5. A composition according to claim 2, wherein the chlorhexidine salt is the gluconate or digluconate salt.

6. A composition according to claim 1, wherein the lubricant is propylene glycol, glycerin or a mixture thereof.

7. A composition according to claim 1, wherein the lubricant comprises between 7% and 21%.

8. A composition according to claim 1, wherein the fungicide is methyl paraben.

9. A composition according to claim 1, wherein the fungicide comprises between 0.1% and 0.6%.

10. A composition according to claim 1, having a pH corresponding to that of the vagina.

11. A composition according to claim 1, further comprising alcohol.

12. A composition according to claim 1, that is water soluble.

13. A composition according to claim 1, comprising:

Chlorhexidine salt	0.1% to 5%
Methylparaben	0.1% to 1.0%
Propylene glycol	2.0% to 6%
Glycerine	5.0% to 15%
CMC or HEC	0.5% to 2.0%
Purified water	to 100%.

14. A composition according to claim 1, comprising:

Chlorhexidine digluconate	0.2% to 0.6%
Methylparaben	0.15%
Propylene glycol	4.0%
Glycerin	11.0%
HEC	1.25%
Purified water	to 100%.

15. A composition according to claim 1, comprising:

Chlorhexidine Guconate	- 0.50%
Methyl Paraben	- 0.25%
Glycerine	- 11.00%
Propylene Glycol	- 4.00%
Natrosol HHRB	- 1.25%
Deionized Water	- 83.00%.
